

## *Rejuvenation*

復小返童

原來，

時光是可以倒流的，

不是返老還童，

是回到小時候。

不是時光隧道的時空洞境，

竟只在當下的瞬間，

真實生活的體驗。

Originally,

It's possible to travel back in time,

Not the regression of age,

But the time return to childhood.

Not the impression of a scientific fantasy in the time tunnel,

But only a glance at the moment,

It's a real experience of life.
